Telindus Luxembourg winner of the “Cloud Computing Provider of the Year” award

Luxembourg, December 2nd 2011 – Telindus Luxembourg is proud to announce that it has been rewarded by a sample of 50 Chief Information Officers as the “Cloud Computing Provider of the Year”.

The ceremony took place at the Conference Centre & Hemicycle in Luxembourg-Kirchberg on the 1st of December 2011, at the Luxembourg ICT Awards Dinner event.

The Awards’ main objectives are to reveal Luxembourg ICT market best practices and achievements according to an extensive sample group of CIOs, to the larger public.

The “Cloud Computing Provider of the Year” award recognizes the company, specialized in the Cloud sector which has excelled in its innovative solutions and its outstanding performance. The choice criteria were based on Innovation, Customer Satisfaction, Competitiveness and Security.

The award was presented to Gérard Hoffmann, Chairman & Managing Director of Telindus Luxembourg. “This recognition above all rewards our customer centric approach. We know more than ever that our customers’ ICT infrastructure is an enabler for their business and hence we implement customized state of the art solutions for them.” he said. “We propose cloud computing solutions in order to allow our customers to meet their business requirements” he added.

**CLOUD COMPUTING PROVIDER
OF THE YEAR**

“We build up a real partnership with our customers. Hence, when we were awarded as “Best Case Study Example of Cloud Services for the Private Sector” with ING Life Luxembourg in May 2011 by Eurocloud Luxembourg, it was a joint achievement. Customers’ feedback is the most important thing for us and the best proof of recognition.”

“Telindus showed a lot of flexibility within the solution, and as we are a small company and want to be very agile and reactive in the market, this made them an ideal partner for us” said Mister Christophe Hucque, Chief Operations Officer, ING LIFE LUXEMBOURG.

“ICT Company of the Year in 2010, EuroCloud Luxembourg Award in May 2011 and Cloud Computing Provider of the Year today, we always keep always the same values: Respect, Passion, Can Do. Under our new brand Telindus Telecom, we aim to become the most innovative telecommunication operator for the professional market with the first truly converged ICT and telecom solutions portfolio.”
