

GESALL

A new approach to managing your accounting

Telindus has developed a solution that combines relevance, efficiency, accessibility and ease of use to assist you in managing your accounting with ease.

Already adopted by thousands of users in Luxembourg, the Gesall tool is adaptable to all types of companies: start-ups, SMEs, SMIs, large companies, fiduciaries, craftsmen, accounting offices, non-profit organisations, etc.

Our professional team will guide you from the implementation stage and provide you with concrete solutions. Based in Luxembourg, our multilingual support and maintenance team will meet your needs. Training provided by our dedicated team, who will share their know-how and expertise with you, allows you to be autonomous and efficient in the shortest possible time.

Complete tool

From simple data entry to the revision of accounts, carry out all your accounting activities.

Flexible

On site or in our secure cloud? Choose how you want to install your solution.

Adaptable

Rapidly adaptable to Luxembourg and European legal and regulatory changes and to technological developments.

User-friendly and intuitive

User-friendly, intuitive and customisable interface.

The possibilities offered by Gesall
